# Dear Valued Customer:

Welcome aboard the transit system of the Regional Transportation Commission of Southern Nevada (RTC).

Recently, two new fixed route companies began providing operational services to the Las Vegas Valley's transit system.

Please help us welcome Keolis and MV Transportation to Southern Nevada. These companies both have national and international experience in the transportation industry and understand that it is critical to provide you with superior customer service and reliable and efficient transit service. It is our utmost priority to make their move

into our transit system seamless to you. We appreciate your patience and support during this transition.

At the RTC, providing you with reliable and efficient services is a priority for us. To further support those efforts we focused on making it more convenient for you to access schedules and information improving your transit experience. With Ride Tracker, a mobile page, we have been able to better communicate with you so you are able to check the status of all routes servicing your particular stop at the convenience of your smart phone (equipped with GPS and Internet service, standard data plan rates apply). The RTC also offers a free text messaging tool, rideRTC (standard text messaging rates apply), that provides predictive bus schedule information via text messages. And, if you have not seen our mobilized website, we encourage you to visit [RTCSNV.COM](http://RTCSNV.COM) to view the enhanced site. Efficient communication is key to a successful transit system. We will continue to strive to provide you with updated, accessible, easy-to-use services to help you plan your trips. For more information about mobile and online tools, visit [rtcnv.com](http://rtcnv.com) or call 702.228.RIDE (7433).

Thank you for riding the RTC transit system and please travel safely to your destination.

Sincerely,

*Tina Quigley*

# HOW TO USE THIS GUIDE

Using the Transit Guide is fast and easy. Use the example below as a reference to help you plan your commute.

**Example:** You want to go from Centennial Center N. of Tropical to Bonanza and Martin L. King by 6:30 a.m. on Monday.

**1** Using the system map find the Rancho/Centennial Hills Route 106.

**2** Look at the **individual route maps** **1** for Route 106. The routes are arranged in numerical order. Make sure you are looking at the correct **direction of travel and day**. **2**

**3** Find your starting point on the map. In this case, Centennial Center N. of Tropical **is timepoint D**. **3**  
If the location you are leaving from does not have a timepoint, find the nearest timepoint before your street for an estimated departure time.

**4** Find your destination on the map, then locate the corresponding timepoint name at the top of the timetable. In this case, Bonanza / Martin L. King is **timepoint J**. **4** If your destination is not listed with a timepoint, choose the nearest timepoint after your destination for an estimated arrival time.

**5** Look on the **schedule** **5** for your destination and your preferred arrival time. A bus arrives at Bonanza / Martin L. King at 6:17 a.m. To arrive on time, you must catch the bus at Centennial Center N. of Tropical at 5:35 a.m.

**6** If you don't have a direct connection between your starting point and your destination, then you will need to make a transfer. **Transfer points** **6** are designated with route numbers. For example, if you wanted to transfer to Route 214, you could do so at H St.

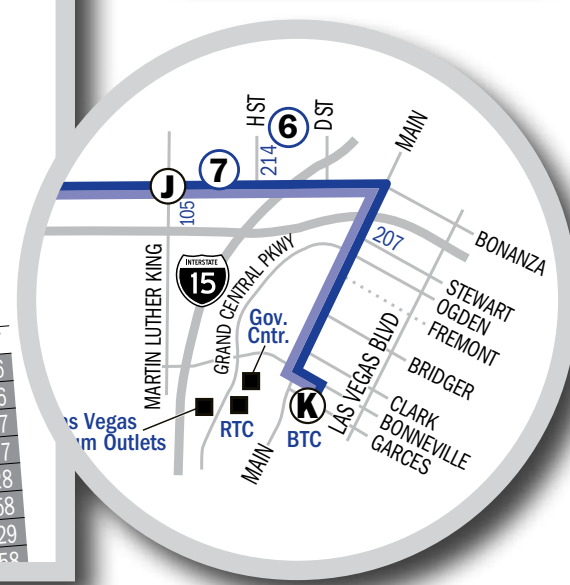

**7** Some transit routes share a common routing in certain areas before branching off to serve different destinations. These branching routes are designated with an **"A" or "B"** **7** to illustrate which path they follow. To reach a destination on an "A" route, board an "A" bus. To reach a "B" route destination, board a "B" bus. Destinations shared by both routes can be reached with either route. The vehicle destination sign will show an "A" or "B" designation. You may also ask the driver for clarification.

## RTC Trip Planner *Powered by Google*

Need help planning your trip? Try the RTC's interactive Transit Trip Planner to plan personalized itineraries on all RTC Transit without using a Transit Guide. Log onto **rtcsnv.com**, input your origin, destination, and desired departure or arrival time and the RTC Trip Planner will tell you how to get to your desired location using transit.

### The system provides riders:

- ▶ locations of transit stops and transfers;
- ▶ walking directions and distances;
- ▶ travel times;
- ▶ total costs; and
- ▶ maps and step-by-step directions that can be printed from your computer to take with you on your trip.

Visit **rtcsnv.com** to access the RTC Trip Planner and for assistance operating it, contact the RTC at (702) 228-RIDE (7433).

## Boarding the Vehicle

RTC transit vehicles stop only at posted stops or shelters. Many stops serve more than one route, so it is important that you check the vehicle header sign for the route number and direction you desire. Make sure you are visible so the driver knows to stop. Vehicles cannot serve a stop if construction or emergency personnel have reduced the street to one lane of travel. If this occurs, proceed to the nearest stop where at least two traffic lanes are open. Look for "RIDER ALERT" notices inside the vehicles informing you in advance of detours. You may also call (702) 228-RIDE (7433) or log onto **rtcsnv.com** to check for detour information.

For persons with disabilities, all vehicles come equipped with wheelchair lifts and front-door kneeling devices which may be used upon request. Once vehicles are in motion, the vehicles will not board additional passengers until the next transit stop. Be sure to hold onto handrails as you find a seat. The bus may begin to move before you sit down.

All mobility devices such as wheelchairs and scooters must be secured in the vehicle and conform to the ADA definition of a "common wheelchair."

## Exiting the Vehicle

Know your ending destination. One block before your last stop, signal the driver to let you off by pulling the bell cord or pushing the button located on the standee poles, next to the seats. If you are not familiar with the area, ask the driver to call out your street as it approaches. In accordance with the Americans with Disabilities Act (ADA), drivers will announce major stops and transfer points if requested by anyone.

At your stop, look around your area so you do not leave anything behind. Exit via the rear door whenever

possible so as not to block the way for incoming passengers. For your safety, and that of others around you, hold onto the door handles until you clear the door.

## Continues as Route

Some routes feature trips that continue on as another route. For example, the northbound Route 117 trip that arrives to the South Strip Transfer Terminal (SSTT) at 5:54 a.m. will "continue as" Route 212, meaning customers transferring to the 212 do not need to change vehicles. Just look for the "Continues as Route" column within the timetables of the Transit Guide to see if a particular trip continues on as another route. Please note that customers must still come to the front of the vehicle and pay another fare or reswipe passes at the end of a trip to continue on to another route.

### Safety

The RTC is serious about your safety and that of the transit operator. Under Nevada law, if someone threatens or assaults the driver with a deadly weapon, and they are convicted of the crime, that person could go to prison for up to six years and be fined as much as \$5,000. If a person commits battery upon a transit operator, that person could go to prison for up to 10 years and be fined \$10,000.

### Loitering

Nevada law also prohibits loitering in or near a public building, on a vehicle, at a stop or at a bus shelter. If you see anyone committing a crime at any RTC facility, please call 911.

### Lost and Found

If you have left an item on a RTC transit vehicle please contact a Customer Service Representative at (702) 676-1849 and provide the following information:

- 1** Route number, direction and bus number of the vehicle you were riding if possible.
- 2** Date and time you lost the item; and
- 3** A detailed description of the item.

All lost and found items, including bicycles, left on transit vehicles or at transit facilities may be picked up only at the South Strip Transfer Terminal (SSTT), located at 6675 S. Gillespie Street. Items can be claimed from 6 a.m. to 10 p.m., seven days a week. All items found will be held for 15 days. Please allow at least 24 hours for item to be transferred to the SSTT.

The RTC is not responsible for any items left on transit vehicles or at transit facilities. Wallets, purses, and medication will be given special consideration. Once Customer Service is notified that one of these types of items is lost an attempt will be made to contact the bus driver immediately. All other items must wait for daily processing.

### Transit Shelters

The RTC is making a concerted effort to upgrade bus shelters. To offer comments or suggestions regarding bus shelters or benches, attend one of the regularly scheduled Bus Shelter and Bench Advisory Committee meetings or call (702) 228-RIDE (7433). Visit [rtcsnv.com](http://rtcsnv.com) for meeting dates, times and agendas.

### Anti-Graffiti

It is against the law to vandalize, place graffiti on or deface RTC property, yet there are those who try to spoil the beauty of buses, bus stops and shelters. If you see anyone carrying graffiti implements, like spray cans or paint, notify the driver or call 911 immediately. It is a misdemeanor to possess graffiti implements without valid authorization.

### See Something Say Something and Transit Watch

The RTC participates in two nationwide programs called “See Something Say Something,” and “Transit Watch” to ensure the safety and security of Southern Nevada’s public transportation system. The “See Something Say Something” program has been created to help customers report suspicious behavior, unusual situations, and safety concerns throughout the RTC’s transit system by calling (702) 828-8386. By being an extra set of eyes and ears on the bus, you can help ensure the safety and security of your fellow passengers. The Transit Watch Hotline (702) 598-EYES (3937) and email [tw@rtcsnv.com](mailto:tw@rtcsnv.com) have been created to give passengers the ability to report unattended items of a suspicious nature left onboard an RTC vehicle.

### Informational Website

The RTC Website, [rtcsnv.com](http://rtcsnv.com), is filled with information on the programs and services the agency offers. The innovative and interactive Website makes it easier for consumers to find their way around the Las Vegas Valley. The Website is continuously updated with the latest news and event information.

### Freeway Traffic Alert

The RTC and its Freeway and Arterial System of Transportation (FAST) division provides up to the minute alerts and information regarding I-15, 215, and US 95 traffic incident reports to help you plan your trip before you get in your car. Within seconds you can receive alerts via e-mail and text message on your cell phone. Visit [rtcsnv.com](http://rtcsnv.com) and click on Freeway Traffic Alert to get started today.

### Neighborhood/Town Hall Meetings

Neighborhood and Town Hall meetings involve the public in the planning of transportation activities and transit service changes, including transit routes, schedules and locations of stops and shelters. RTC staff regularly attend Town Hall meetings held by area elected officials and hold public meetings as needed to discuss issues.

### Community Outreach

The RTC participates in numerous community activities ranging from transportation fairs and agency overview presentations to a “Let’s Go!” youth outreach program. These outreaches offer information on air quality, transit, alternative transportation, bicycle safety and facilities, roadway and transportation planning, road construction, and sustainability initiatives. Fill out an outreach request form online at [rtcsnv.com](http://rtcsnv.com) or call an Outreach Specialist at (702) 676-1606 to schedule a Let’s Go! or agency overview presentation.

### Fare Citation Payment Process Policy

Nevada Revised Statute (NRS) 277A authorizes the Regional Transportation Commission of Southern Nevada (RTC) to “Establish a fine for a passenger who refuses to pay or otherwise fails to pay the proper fare to ride on the public transit system established and operated by the RTC.”

It is the policy of RTC that all persons traveling on the RTC Transit System shall:

- ▶ Pay the applicable fare and;
- ▶ Produce proof of payment when requested by a fare enforcement officer on routes designated to use the off board fare collection method; or
- ▶ Be observed paying the fare via the farebox on a per boarding transaction, on routes where such transactions are required.

Any person unable to pay the applicable fare shall not be authorized to board or ride a transit vehicle. The RTC does not offer courtesy rides.

### Fines

Any person who violates any requirements of the Fare Enforcement Policy may be subject to a civil fine up to \$250 and/or may be suspended for a period of thirty (30) days up to one (1) year from the privilege of using the RTC Transit System.

## Flexible Demand Response (FDR)

FDR service offers door-to-door transportation in areas that are not ideal for typical RTC transit service. With FDR, residents within dense single-family-home communities can call and schedule rides on a public transit system that would not otherwise be available.

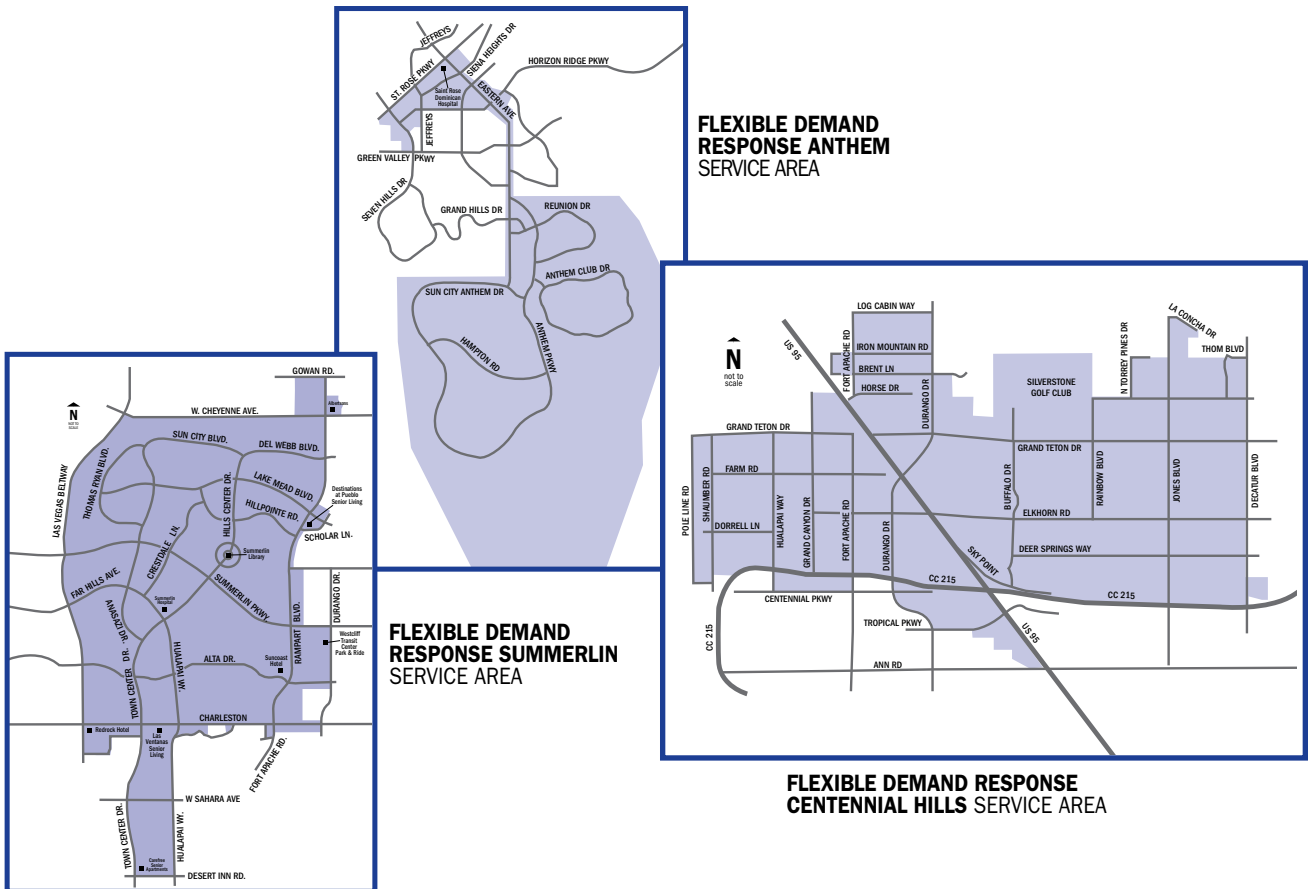

**Sun City Anthem:** Tuesday and Thursday, 8 a.m. to 4 p.m.

**Sun City Summerlin:** Tuesday and Thursday, 9 a.m. to 3 p.m.; Friday, 10 a.m. to 6 p.m.

**Centennial Hills:** Monday and Wednesday, 9 a.m. to 4 p.m.

Transit routes, hours and days of operation, fares, Americans with Disabilities Act (ADA) accommodations and specific senior-oriented program information is available at [rtcsonv.com](http://rtcsonv.com) or (702) 228-RIDE (7433).

*\* Though both Silver STAR and FDR are geared towards seniors, everyone is eligible to utilize the services that have the ability to connect with fixed-route transportation throughout the community providing a broader range of passenger destinations.*

### RTC Services

The RTC adheres to the rules and regulations set by the Americans with Disabilities Act (ADA) of 1990. Some of the RTC's accessibility policies and procedures are outlined below. If you should have any questions regarding these services, please contact the RTC at (702) 228-4800 or TDD (702) 676-1834.

### Transit Vehicles & Priority Seating

All RTC Transit Services are ADA accessible and all vehicles are equipped with wheelchair lifts or have low-floors with kneeling devices and ramps to accommodate customers who use mobility devices or are unable to use steps to enter the vehicles. Each vehicle provides space for at least two mobility devices that accommodate the definition of a "common wheelchair," as defined by the U.S. Department of Transportation to implement the ADA act of 1990. Priority seating is designated on each vehicle for elderly patrons and persons with disabilities. This area can also accommodate passengers with wheelchairs or scooters.

### Carrying on Bags

Customers are permitted to carry on only the number of bags that they are able to manage independently without the assistance of the driver. The carry-on items must fit within a certain space either on your lap or in front of your area. If a customer brings more than he/she is able to manage independently, it will be the customer's choice on whether to board with a manageable amount of items or find alternative transportation to carry the remaining packages. Items cannot be placed in the aisles.

### Service Animals

Service animals are welcome and ride free of charge. All other animals must be in a cage with a secured, covered top and will be allowed on the bus as long as there is open space not occupied by other passengers. If a seat is required for a pet, full adult fare will be charged.

**Paratransit certified customers ride FREE on all RTC fixed routes.**

### Transit Mobility Training

The RTC offers a free, one-on-one training program to help people with disabilities and senior citizens learn to use the RTC transit system safely and properly. Mobility training is meant to aid people in developing the skills necessary to travel safely and independently. A qualified RTC Transit Mobility Instructor will provide the training you need. The mobility instructor will ride with you on RTC transit vehicles and teach you how to plan your trips using the RTC fixed-route transit guide. Training will last as long as it takes for you to feel comfortable with the routes you will be traveling. To get started, you can call a mobility instructor at (702) 676-1815 to schedule your in-home assessment and be on your way to true independence.

**All mobility devices such as wheelchairs and scooters must be secured in the vehicle and conform to the ADA definition of a "common wheelchair."**

### S.A.F.E. Program

The Securement Assistance For Everyone (S.A.F.E.) program is a free and voluntary program designed to provide better securement for people using mobility devices to access public transportation. The program is meant to ensure that mobility devices are secured properly and in the safest place to minimize injury and damage. The transit operator will attach the vehicle's securement straps to the marked areas of your mobility device and the vehicle's securement straps will be tightened. To make an appointment to have straps or tape installed on your mobility device, please call (702) 676-1815 or TDD 676-1834.

### Seniors on the Go

The RTC understands that remaining independent is important to seniors, so we want to show you how easy, affordable, comfortable and safe it is riding transit. Training on everything you need to know about using RTC fixed-route transit service is available upon request. The training will teach you how to route your trip using the Transit Guide, how to find the closest transit stop to your home and destination, how to use the farebox and much more. For more information or to schedule a training session, call (702) 676-1815.

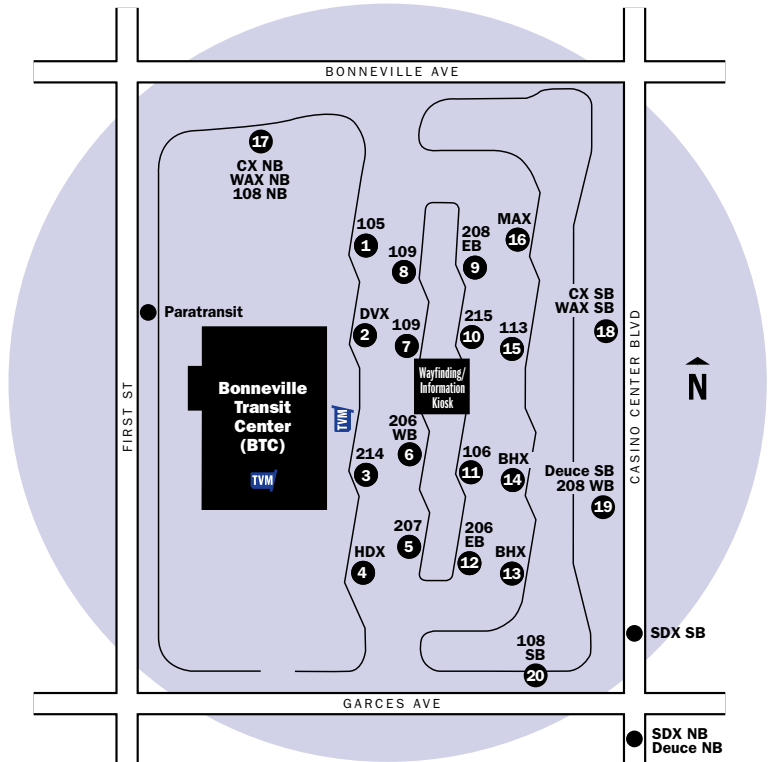

### Ride Check

Paratransit users now have the ability to check on the status of or cancel a previously scheduled paratransit ride. Log onto the RTC's Web site at [rtcsnv.com](http://rtcsnv.com) for step-by-step instructions. Or you can call our Paratransit Customer Service Office at (702) 228-4800.

# BICYCLING AND TRANSIT

## Bicycle Racks

All RTC transit vehicles serving the Las Vegas Valley are equipped with bicycle racks. Each bike rack can accommodate two to three bicycles and there is no additional cost to the rider.

### Loading Your Bicycle on the vehicle

As the transit vehicle approaches, please have your bicycle ready for loading. Remove water bottles, pumps or any loose items that might fall off when the bus is in motion. Inform the driver before stepping out in the street to load your bicycle onto the rack.

- 1 As you lift the metal handle, pull down the bicycle rack.
- 2 Before loading your bicycle onto the rack, ensure the rack is pulled down flat and positioned parallel to the ground.
- 3 Lift your bicycle onto the rack. Position your bike in the slots closest to the vehicle when available.
- 4 Fit both the front and back tire into the appropriate slots labeled “front wheel here” and “back wheel here.”
- 5 Pull the hold down bar out and place it over your front tire to secure your bicycle on the rack.

### Unloading Your Bicycle

For safety reasons, it is very important to tell the driver before unloading your bicycle. Riders are responsible for the loading and unloading of their bicycles. The RTC is not responsible for loss, damage or theft.

Sorry, no tricycles, tandem or gas powered bicycles can be placed on the racks.

## Did You KNOW

The RTC's public transit system carries 45,000 bike trips each month. Currently, there are more than 54 miles of bicycle routes, 299 miles of bicycle lanes and 181 miles of bicycle paths. Visit [rtcsnv.com](http://rtcsnv.com) for a printable copy of the Las Vegas area bike map.

# COMMUNITY TRANSIT RULES

**Courtesy is contagious. You are not alone on the bus. RTC transit carries over 171,000 passengers every single day, so please be considerate of your fellow riders. Follow these simple steps:**

- 1** Must pay full fare and have exact change ready as the driver cannot make change.
- 2** Wear socially acceptable clothing (such as shirt, shoes, pants, etc.) at all times and no eating or drinking on board. Make sure carry on food is in spill-proof containers.
- 3** Everyone loves their own music. Plug in your head phones so you will not disturb others.
- 4** Stay behind the yellow line while the vehicle is in motion and do not distract the driver.
- 5** Stay clear of doorways and do not stand in the stairwells.
- 6** Be courteous. Give the front seats to seniors and to disabled customers.
- 7** No shoving, fighting, shouting, or using inappropriate and vulgar language. Just enjoy the ride.
- 8** For the safety of our passengers, sleeping is not allowed on our Transit Vehicles.
- 9** Take children out of strollers. Put them on a seat or your lap and stow the stroller between the seats.
- 10** No smoking, chewing tobacco or electronic cigarettes allowed.
- 11** Customers are only allowed to carry on as many bags as they are able to manage independently, and bags may not be placed on seats.
- 12** Shopping carts no larger than 18" wide by 18" deep by 30" tall are allowed on RTC vehicles. Additional guidelines apply.
- 13** Mobility devices must be strapped down and all items removed with the exception of the person occupying the mobility device.
- 14** While operating a mobility device, bags and other items must remain in control of the rider at all times.
- 15** Items such as flammable liquid containers, car batteries, tires or any object which cannot fit between passenger seats should not be brought on board. Skateboards, scooters and skates must be placed in a bag or container with the wheels covered.

**Riding transit is often the only way many people move around the Las Vegas Valley. You are not alone on the bus, so be courteous to others so everyone can enjoy their ride.**

This table shows the most frequent portions of each route; specific stops along certain routes may have less service. Dándole seguimiento a esta iniciativa nos enfocamos en facilitarles el acceso a los horarios e información para una mejor experiencia del usuario. Por medio de la página móvil Ride Tracker, hemos logrado mejorar la comunicación entre el usuario y nosotros, permitiéndoles revisar el avance de todas las rutas que circulan por alguna parada en particular desde la conveniencia de su celular (con equipo de GPS y servicio de Internet, aplican tarifas estándar del plan de datos). El RTC también le ofrece una herramienta gratuita de mensajería de textos, rideRTC (aplican tarifas estándar de mensajería de textos), que proporciona pronósticos de horarios de autobuses por medio de mensajes de texto. Si aun no conoce nuestra página de Internet móvil, lo invitamos a hacerlo en [RTCSNV.COM](http://RTCSNV.COM) para desplegar la página completa. La comunicación eficiente es clave para el éxito del sistema de transporte urbano. Continuaremos esforzándonos para ofrecerle servicios modernos, accesibles y fáciles de usar en la planeación de su itinerario. Para mas información sobre herramientas por internet y móviles, visítenos en [rtcsnv.com](http://rtcsnv.com) o llame al 702.228.RIDE (7433).

# CLUB RIDE

COMMUTER SERVICES

Los Servicios del “Club Ride” para el trabajador es un programa gratuito del (RTC) La Comisión Regional del Transporte del Sur de Nevada que está diseñado para reducir la congestión de tráfico, menor contaminación del aire, mayor movilidad, promover el uso de alternativas en el transporte, y a grandes rasgos crear una comunidad sostenible. Para alcanzar estas metas el “Club Ride” colabora con los empleadores y los empleados del Valle de Las Vegas para establecer programas individuales con opciones de transporte y ofrecer incentivos para que aquellas personas que viajan a diario encuentren nuevas modalidades de cómo llegar a su trabajo. A través del “Guaranteed Ride Home program” (El Programa de Viaje Garantizado), el “EZ Rider transit pass program” (programa de pase de transporte público EZ Rider) y “Club Ride Rewards” (estimulos para Club Ride), los servicios del “Club Ride” para el trabajador anualmente le ofrece al empleado y empleador ahorro en tiempo y soluciones para ahorrar dinero para un mejor viaje en el Sur de Nevada.

### Abordando el Vehículo

Los vehículos del RTC solo se detienen en las paradas señaladas. Muchas de las paradas son compartidas por varias rutas, por lo tanto, es importante que usted se cerciore bien del señalamiento que indica su destino final, además de la ruta y sentido que usted busca. Cuídese de no estar escondido detrás de paradas techadas o fuera de la vista del conductor. Los vehículos no pueden proveer servicio a paradas debido a construcción o si el personal de emergencia ha reducido la calle a un carril de circulación. Si esto ocurre, proceder a la parada más cercana, donde hay por lo menos dos carriles abiertos. Busque los avisos "Alerta al Pasajero" dentro de los vehículos que le informa con anticipación de los desvíos. Se puede comunicar al (702) 228-RIDE (7433) o por Internet [rtcsnv.com](http://rtcsnv.com) para verificar desviaciones.

Para personas con discapacidades, todos los vehículos cuentan con el equipo de asistencia para sillas de ruedas y dispositivos de puerta de entrada de arrodillarse que usted puede pedir. Una vez que el vehículo este en movimiento, el conductor no abordara a otros pasajeros hasta llegar a la próxima parada de transporte. Recuerde sujetarse bien del pasamano de seguridad antes de encontrar su asiento. Tenga cuidado que el autobús pudiese arrancar antes de que usted encuentre asiento.

Todos los dispositivos de movilidad como sillas de ruedas y "scooters" deben ser asegurados en el vehículo y en conformidad a la definición de ADA de "una silla de ruedas común".

### Desbordando el Vehículo

Debe conocer su destino final. Estando a una cuadra de su destino final, le haga saber al conductor que se aproxima su parada, y lo puede hacer jalando la cuerda de alerta u oprimiendo el botón localizado sobre el tubo de seguridad al pie de cada fila. También, si no esta familiarizado con el área, al bordar, pídale al chofer que anuncie su parada antes de aproximarse a la misma. Y de conformidad con lo dispuesto por el Decreto de Americanos Discapacitados (ADA), el conductor anunciara toda conexión y parada principal si así se lo pidiese el usuario.

Al llegar a su parada, revise su asiento para que no se le vaya quedar algo. Siempre y cuando lo pueda hacer, procure bajar por la salida de atrás del vehículo para no bloquear a aquellas personas que estén bordando por el frente. Para su seguridad y la seguridad de otros pasajeros, mantenga las manijas de las puertas hasta que desborde el vehículo.

### Ruta Continua

Algunas rutas continúan los viajes como otra ruta. Por ejemplo, la Ruta 117 hacia el norte que llega al South Strip Transfer Terminal (SSTT) a las 5:54 a.m. continua como la Ruta 212, lo cual significa que los pasajeros que necesitan transferir a la Ruta 212 no tendrán que cambiar de autobús. Solo revise el horario en la Guía de Transporte Público para verificar si un viaje en particular continúa como otra ruta. Tenga en cuenta que los pasajeros aún deben pagar otra tarifa o deslizar su pase al final del primer viaje antes de la segunda ruta.

### Servicios del RTC

El RTC se adhiere a las reglas y regulaciones establecidas por el Decreto de Americanos con Discapacidades (ADA) de 1990. A continuación se explican algunas de nuestras políticas y procedimientos de accesibilidad. Si usted llega a tener alguna pregunta con respecto a estos servicios, por favor comuníquese al RTC al (702) 228-4800 o TDD (702) 676-1834.

### Vehículos de Transporte Público y Asientos Reservados

Todos los servicios del transporte público del RTC tienen accesibilidad ADA, y todos los vehículos están equipados con elevador de silla de ruedas o cuentan con piso bajito con dispositivos especiales para facilitar el acceso a clientes que hacen uso de los dispositivos de movilidad o que no tienen la capacidad de subir los escalones del vehículo. Cada vehículo proporciona el espacio suficiente para dos dispositivos de movilidad que caen bajo la tradicional definición de una "silla de ruedas", según la definición del Departamento de Transporte de los E.U. y su Decreto de Americanos con Discapacitados de 1990 (ADA). Existe una jerarquía para los asientos en cada vehículo para personas mayores y aquellas con discapacidades. Esta misma área sirve para abrirles espacio a los pasajeros con silla de ruedas y carritos electrónicos.

### Bolsas al Bordo del Autobús

Se les permite a los pasajeros llevar consigo solamente las bolsas que puedan llevar independientemente sin la ayuda del conductor. Los artículos que lleva deben caber dentro de un espacio determinado ya sea en su regazo o al frente de su asiento. Si un cliente lleva consigo más de lo que él / ella es capaz de llevar independientemente, será la decisión del pasajero si prefiere llevar consigo solamente los artículos manejables o encontrar otros medios de transportar los artículos restantes. Artículos no se pueden poner en el pasillo.

### Animales de Servicio

Son bien recibidos los animales de servicio y viajan sin costo. Cualquier otro animal tiene que estar enjaulado bajo seguridad y se le permite viajar en el autobús solo cuando exista un asiento desocupado. Si usted requiere de un asiento para su mascota, pague el pasaje completo de un adulto.

### Adiestramiento en Transporte Público

El RTC ofrece un programa individualizado sin costo adicional de capacitación para ayudarles a las personas

con discapacidades y de la tercera edad a usar el sistema de transporte público del RTC con seguridad y precaución. Esta capacitación tiene la finalidad de ayudarles a las personas a desarrollar las habilidades necesarias para viajar con seguridad e independencia. Un instructor calificado del transporte público RTC le impartirá la capacitación que usted necesita. Este especialista en adiestramiento lo acompañara en su viaje sobre un vehículo del transporte público del RTC y le enseñara a planificar sus viajes utilizando la guía del RTC de rutas fijas del transporte público. La duración de esta capacitación será hasta que usted se sienta cómodo con las rutas que usted tomara. Para iniciar, comuníquese con un instructor del RTC al (702) 676-1815 para que le den su primera cita de evaluación desde su casa y así encaminarlo a buscar su verdadera independencia.

**Todos los dispositivos de movilidad como sillas de ruedas y "scooters" deben ser asegurados en el vehículo y en conformidad a la definición de ADA de "una silla de ruedas común".**

### El Programa S.A.F.E.

El programa "Securement Assistance for Everyone" (S.A.F.E.) es un programa gratuito y voluntario diseñado para ofrecerle una mayor seguridad a aquellas personas que utilizan dispositivos de movilidad para su transporte personal y en el acceso al transporte público. El programa esta diseñado para asegurar que estos dispositivos de movilidad queden bien sujetos y correctamente ubicados dentro del vehículo para así minimizar lesiones y daños. El conductor del autobús le colocara las correas de seguridad del vehículo en las partes correspondientes de su dispositivo de movilidad y por ultimo las ajusta bien. Si desea una cita para que le instalen correas o cinta a su dispositivo de movilidad, favor de llamar al (702) 676-1815 o TDD (702) 676-1834.

### Arranca la Tercera Edad

El RTC entiende que para las personas de la tercera edad es importante mantener su independencia, y por eso les queremos demostrar lo fácil, económico, confortable y seguro que es viajar a través del transporte público. Si usted lo pide, le ofrecemos todo tipo de capacitación para que pueda conocer lo necesario en cuanto a los servicios de transporte público de ruta fija del RTC. La capacitación le enseña a planear la ruta de su viaje utilizando la Guía de Transporte Público, cómo ubicar la parada de autobús mas cercana a su hogar y destino, cómo usar la caja de pasajes y muchas cosas mas. Para más información o para inscribirse a una sesión de capacitación llame al (702) 676-1815.

# CLUB RIDE

COMMUTER SERVICES

Club Ride Commuter Services is a free program from the Regional Transportation Commission of Southern Nevada (RTC) designed to help reduce traffic congestion, improve air quality and mobility, encourage the use of commute alternatives, and ultimately create a more sustainable community. To accomplish these goals, Club Ride works with employers and commuters in Southern Nevada to establish custom commute options programs and offers incentives to get commuters to try new modes for getting to work. Through the Guaranteed Ride Home program, the EZ Rider transit pass program and Club Ride Rewards, Club Ride Commuter Services annually offers thousands of employers and commuters time and money-saving solutions for a better commute in Southern Nevada.

Club Ride: It's free! It's easy! It's rewarding!

## EZ RIDER

Employers are getting into the Club Ride act too through the RTC's EZ Rider transit pass program. Employers can purchase monthly and annual passes for employees at a discounted rate of five to 15 percent. Whether subsidizing the passes as an added employee benefit or offering them for purchase through pre-tax payroll deductions, companies can benefit from reduced payroll taxes. The EZ Rider program also makes transit a more convenient and cost-effective way to commute. EZ Rider is available exclusively to employers that participate in the Club Ride Commuter Services program.

For more information about either the Club Ride Commuter Services or EZ Rider programs, log onto [rtcsonv.com](http://rtcsonv.com) or call (702) 228-RIDE (7433) and select menu option 5.
